Nottingham's 27th MHA Weeks aim to be informative and friendly.

Mental Health Awareness Weeks (MHAW) was started in Nottingham by a small group of people with lived experience and carers in 1992, timed to include World Mental Health Day.

Thanks to the enthusiastic support of many individuals and organisations, it has grown from one week to two weeks and has become part of the local calendar.

In memory of Gladys Bombek

In memory of Gladys whose commitment, dedication and drive led to the founding of the very first Mental Health Awareness Week in 1992.

She was always a powerful advocate of human rights and such a memorable character. We have lost a kind, strong woman who was a strong believer in the power of community and togetherness.
